**Re: Administrative Relief request for Waterway Business Planned Development No. 1223
Parking reduction for Talman Soccer at 3626-3714 N. Talman Avenue**

Dear Ms. Georges:

Please be advised that your request for a minor change to Waterway Business Planned Development No. 1223 ("PD 1223"), as amended, has been considered by the Department of Planning and Development pursuant to Section 17-13-0611 of the Chicago Zoning Ordinance and Statement No. 12 of PD 1223.

Your client and the sole owner of all of the property within PD 1223, Talman Soccer LLC, is seeking administrative relief for a reduction in the minimum number of required parking spaces from 52 spaces to 50 spaces for the soccer facility at 3626-3714 N. Talman Ave. A larger mechanical space than what was originally proposed is required for the soccer facility and this has resulted in the elimination of two parking spaces. The attached, revised Site Plan, dated May 21, 2014, shall be inserted into the main file.

With regard to your request, the Department of Planning and Development has determined that allowing the proposed parking reduction from 52 to 50 spaces will not create an adverse impact on the Planned Development or surrounding neighborhood, will not result in an increase in the bulk or density, and will not change the character of the development, and therefore, would constitute a minor change.

Accordingly, pursuant to the authority granted by the Chicago Zoning Ordinance and Waterway Business Planned Development No. 1223, I hereby approve the foregoing minor change, but no other changes to this Planned Development. This minor change is valid for twelve (12) months from the date of this letter unless action to implement the minor change is commenced within such time period and thereafter diligently pursued to completion, including, if applicable, construction consistent with the minor change as authorized by a building permit. If action to implement the minor change, including construction, does not begin within the time set forth, or does not proceed with reasonable diligence, then the approval will lapse and become null and void.

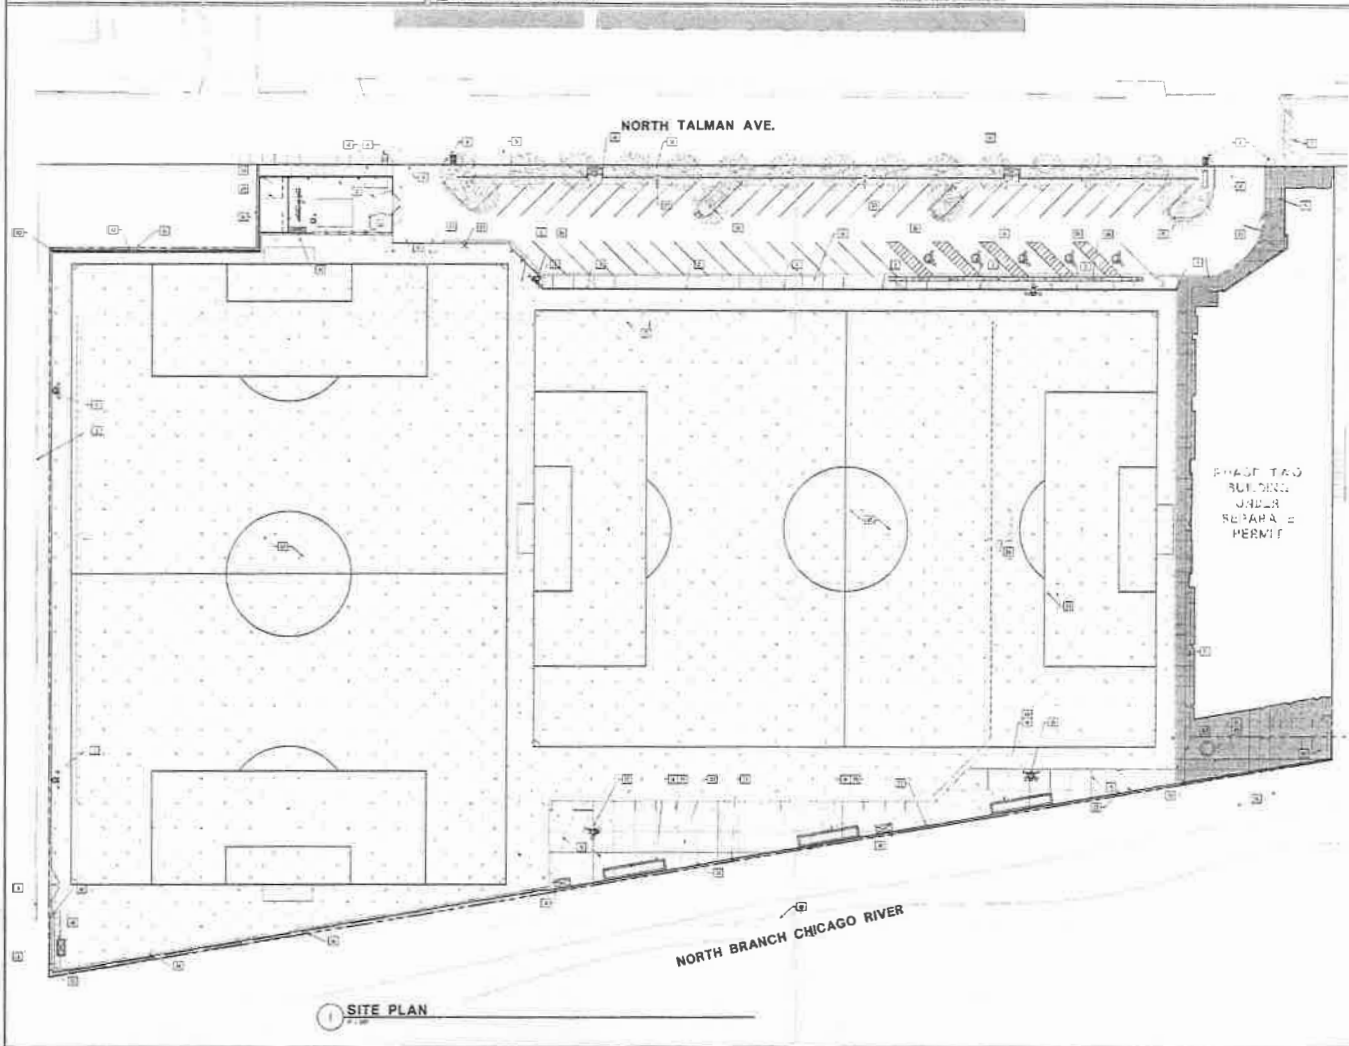

Sincerely,

Patricia A. Scudiero
Zoning Administrator

RE: **Planned Development No. 1223, Proposed signage for Chicago Near North Soccer**

Dear Ms. Georges:

We have reviewed the attached sign proposal for the Chicago Fire Soccer Center. While we appreciate their efforts in reducing the amount of signage proposed, we cannot approve 8,139 square feet of total signage. Based on an underlying manufacturing zoning district, Planned Development Number 1223 is permitted 5 x the street frontage (518.29 feet) or 2,591 square feet of total sign area.

The proposed painted signs on the turf will be covered by a dome during part of the year and not legible from the public way. Therefore, they do not require sign permits and are not counted in the total square footage allowed on the site.

However, pursuant to Statement Number 6 of the Planned Development, off-premise signs are prohibited. Sponsorship signs are considered off-premise signs. Therefore, unless the official name of the facility will be the Chicago Fire Wintrust Community Bank Soccer Center, the Wintrust Community Bank portion of the proposed signage is considered sponsorship, or off-premise signage, and is not allowed. Also, pursuant to Section 17-12-1003 of the Chicago Zoning Ordinance, the maximum wall sign area cannot exceed 33% of the building wall area. The proposed signage on the seasonal tent link appears to cover the entire wall area and will need to be reduced to 33% or less.

Finally, video display signs are prohibited except in a Planned Development in which the principal use is a sports stadium or convention center. This facility is considered an entertainment and spectator sport establishment and not a sports stadium. Therefore, the proposed video sign is not allowed. If you have any questions or require further information, please contact Teresa McLaughlin of my staff at (312) 744-3509.

Sincerely,

Patricia A. Scudiero
Zoning Administrator

If the applicant is seeking approval for a portion of the Property that represents less than the Phase II project, the applicant shall also include a site plan for that area of the Property which is bounded on all sides by either public rights-of-way or the boundary of the Planned Development. The site plan provided shall include all dimensioned and planned street rights-of-way.

Following approval by the Department of Housing and Economic Development, the approved Phase II Site Plan Approval Submittals, supporting data and materials shall be made part of the main file and shall be deemed to be an integral part of the Planned Development.

12. 14. The applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs, conserves energy and maximizes the preservation of natural resources. At the time of a hearing before the Chicago Plan Commission, all developments must be in substantial compliance with the current City of Chicago Sustainable Development Policy set forth by the Housing and Economic Development. In-lieu of a green roof system, the applicant has designed the Planned Development so that all rain water will flow into the Chicago River thereby not stressing the Chicago Storm Water System. The proposed multipurpose structure will have an Energy Star level compliant roof and the building will exceed ASHRAE 90.1-2004 by 14 percent; meeting the guidelines of the Sustainable Policy of the Department of Housing and Economic Development.
15. The applicant acknowledges that Chicago River is a resource for both commerce and recreation and also acknowledges the City's goals of improving the appearance, quality and accessibility of the river, as contained in the waterway planned development guidelines contain in the Chicago Zoning Ordinance (Section 17-8-0912) and the Chicago River Corridor Design Guidelines and Standards. To further these goals, the applicant agrees to permit public access to the river setback, and provide signage that the area is open to the public during typical Chicago Park District hours. The applicant also acknowledges that the City is planning for the construction of a separate riverfront bike trail within the river channel which will connect California Park with Clark Park. The applicant will, to the extent possible, accommodate a trail connection to North Talman Avenue.
16. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Commissioner of the Department of Housing and Economic Development shall initiate a Zoning Map Amendment to rezone the property to M1-2 (Limited Manufacturing/Business Park District).
