Re: PD 1447, 448 N. LaSalle Street

Dear Mr. Manic:

In response to your recent request, please be advised that the subject property is zoned Business Planned Development Number 1447 ("PD 1447") and within Subarea A. You are seeking confirmation that Electric Shuffle is an eating and drinking establishment and permitted at the subject site.

According to your request letter, Electric Shuffle combines a full-service kitchen and bar with custom built shuffle tables stationed in the restaurant. The shuffle tables are reserved online for 90-minute periods. Two people can play shuffleboard at a single time, while up to 20 guests are able to eat and drink at the table during the game. Electric Shuffle offers all-day service that includes brunch, lunch, and dinner for guests to enjoy a meal, watch sports, host a corporate outing, and play shuffleboard. A proposed Floor Plan is attached which identifies 76% of the 6,024 square foot space for eating and drinking and 11% for shuffle tables.

Based on the information submitted, it is our opinion that the proposed Electric Shuffle use is an eating and drinking establishment. Pursuant to Statement No. 6 of PD 1447, the permitted uses within Subarea A include eating and drinking establishments. Therefore, the proposed use is permitted at the subject site.

Sincerely,

Patrick Murphey
Zoning Administrator

Reclassification Of Area Shown On Map No. 1-F. BPD 1447
(As Amended)
(Application No. 19944)
(Common Address: 151 W. Illinois St./450 -- 500 N. LaSalle St.)
[SO2019-328]

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. Title 17 of the Municipal Code of Chicago, the Chicago Zoning Ordinance, is hereby amended by changing all of the DX-7 Downtown Mixed-Use District as shown on Map Number 1-F in the area bounded by:

the public alley next north of West Illinois Street; North LaSalle Street; a line 40 feet north of the public alley next south of West Illinois Street; a line 60.06 feet west of North LaSalle Street; the public alley next south of West Illinois Street; the public alley next west of North LaSalle Street; a line 92.40 feet west of and parallel to North LaSalle Street; and a line 54.19 feet south of and parallel to the public alley next north of West Illinois Street to the point of the beginning,

to those of a Business Planned Development.

SECTION 2. This ordinance takes effect after its passage and publication.

Plan of Development Statements attached to this ordinance read as follows:

Business Planned Development No. 1447.

Planned Development Statements.

1. The area delineated herein as Business Planned Development Number 1447 ("Planned Development") consists of approximately 21,625.59 square feet of property which is depicted on the attached Planned Development Boundary and Property Line Map ("Property") and is owned or controlled by the Applicant, 430 North LaSalle LLC.
2. The requirements, obligations and conditions contained within this Planned Development shall be binding upon the Applicant, its successors and assigns and, if different than the Applicant, the legal titleholders and any ground lessors. All rights granted hereunder to the Applicant shall inure to the benefit of the Applicant's successors and assigns and, if different than the Applicant, the legal titleholder and any ground lessors. Furthermore, pursuant to the requirements of Section 17-8-0400 of the Chicago Zoning Ordinance, the Property, at the time of application for amendments, modifications or changes (administrative, legislative or otherwise) to this Planned Development are made, shall be under single ownership or designated control. Single designated control is defined in Section 17-8-0400 of the Zoning Ordinance.
3. All applicable official reviews, approvals or permits are required to be obtained by the Applicant or its successors, assignees or grantees. Any dedication or vacation of streets or alleys or grants of easements or any adjustment of the right-of-way shall require a separate submittal to the Department of Transportation on behalf of the Applicant or its successors, assigns or grantees. Any requests for grants of privilege, or any items encroaching on the public way, shall be in compliance with the plans.

Ingress or egress shall be pursuant to the plans and may be subject to the review and approval of the Departments of Planning and Development, and Transportation. Closure of all or any public street or alley during demolition or construction shall be subject to the review and approval of the Department of Transportation.

Pursuant to a negotiated and executed Perimeter Restoration Agreement ("Agreement") by and between the Department of Transportation's Division of Infrastructure Management and the Applicant, the Applicant shall provide improvements and restoration of all public way adjacent to the property, which may include, but not be limited to, the following as shall be reviewed and determined by the Department of Transportation's Division of Infrastructure Management:

- Full width of streets
- Full width of alleys
- Curb and gutter
- Pavement markings
- Sidewalks
- ADA crosswalk ramps
- Parkway and landscaping

The Perimeter Restoration Agreement must be executed prior to any Department of Transportation and Planned Development Part II Review permitting. The Agreement shall reflect that all work must comply with current Rules and Regulations and must be designed and constructed in accordance with the Department of Transportation's Construction Standards for Work in the Public Way and in compliance with the Municipal Code of Chicago Chapter 10-20. Design of said improvements should follow the Department of Transportation's Rules and Regulations for Construction in the Public Way as well as The Street and Site Plan Design Guidelines. Any variation in scope or design of public way improvements and restoration must be approved by the Department of Transportation.

The Applicant shall employ an alley-dock manager who will be on-premises who shall be responsible for overseeing the daily operations of the office building at 151 West Illinois Street/488 North LaSalle Street ("Office Building"), including managing the security and maintenance of the East/West Alley (the "Alley") and the loading dock for the Office Building. The alley-dock manager shall be separate from the property manager for the Office Building and shall report directly to the property manager. The alley-dock manager shall monitor the Office Building's use of and operations in the Alley and the loading dock during regular business hours from 8:30 A.M. to 5:50 P.M. unless otherwise needed. Loadings will be scheduled through

the alley-dock manager during normal business hours. A time limit should be enforced for vehicles on the loading dock to 30 minutes. The loading dock's use is limited to trucks no greater than 25 feet during business hours. Any delivery to the Office Building absolutely requiring a truck over 25 feet in length will require special reservations/arrangements. Also, any delivery to the Office Building requiring more than 30 minutes of parking in the loading dock will also require a special reservation. No loading to the Office Building from the Alley shall occur except for within the Office Building's loading dock. The Applicant shall install security cameras overlooking the Alley and the loading dock for the alley-dock manager to regulate and monitor the Office Building's deliveries and traffic flows of the Alley and loading dock during business hours. The obligation to employ an alley-dock manager to monitor and regulate the Alley and loading dock in accordance with this statement shall remain a responsibility for all future owners of the Office Building.

4. All applicable official reviews, approvals or permits are required to be obtained by the Applicant or its successors, assignees or grantees. Any dedication or vacation of streets or alleys or grants of easements or any adjustment of the right-of-way shall require a separate submittal to the Department of Transportation on behalf of the Applicant or its successors, assigns or grantees.

Any requests for grants of privilege, or any items encroaching on the public way, shall be in compliance with the Plans.

Ingress or egress shall be pursuant to the Plans and may be subject to the review and approval of the Departments of Planning and Development and Transportation. Closure of all or any public street or alley during demolition or construction shall be subject to the review and approval of the Department of Transportation.

All work proposed in the public way must be designed and constructed in accordance with the Department of Transportation Construction Standards for Work in the Public Way and in compliance with the Municipal Code of the City of Chicago. Prior to the issuance of any Part II Approval, the submitted plans must be approved by the Department of Transportation.

5. This plan of development consists of 18 Statements; a Bulk Regulations Table; an Existing Zoning and Land-Use Map; a Planned Development Boundary, Subarea and Property Line Map; Site/Right-of-Way Adjustment Map; Landscape Plan; Building Elevations (North, South, East and West); Floor Plans; and Building Sections prepared by Lamar Johnson Collaborative and dated April 18, 2019, submitted herein. Full-sized copies of the Site Plan, Landscape Plan and Building Elevations are on file with the Department of Planning and Development. In any instance where a provision of this Planned Development conflicts with the Chicago Building Code, the Building Code shall control. This Planned Development conforms to the intent and purpose of the Zoning Ordinance, and all requirements thereto, and satisfies the established criteria for approval as a Planned Development. In case of a conflict between the terms of this Planned Development ordinance and the Zoning Ordinance, this Planned Development ordinance shall control.
6. The following uses are permitted in the Subarea A and Subarea B delineated herein as the Planned Development:

Subarea A:

General retail sales, office, eating and drinking establishments, personal service, co-located wireless communication facilities, cultural exhibits and libraries, animal services, artists work or sales space, business equipment sales and service, business support services, communication service establishments, financial services, food and beverage retail sales, medical service, artisan manufacturing uses, including accessory and related uses as well as accessory loading.

Subarea B:

General retail sales, office, eating and drinking establishments, personal service, co-located wireless communication facilities, cultural exhibits and libraries, animal services, artists work or sales space, business equipment sales and service, business support services, communication service establishments, financial services, food and beverage retail sales, medical service, artisan manufacturing uses, including accessory and related uses as well as accessory loading.

7. On-premises signs and temporary signs, such as construction and marketing signs, shall be permitted within the Planned Development, subject to the review and approval of the Department of Planning and Development.
8. For purposes of height measurement, the definitions in the Zoning Ordinance shall apply. The height of any building shall also be subject to height limitations, if any, established by the Federal Aviation Administration.
9. The maximum permitted Floor Area Ratio ("FAR") for the site shall be in accordance with the attached Bulk Regulations Table. For the purposes of FAR calculations and measurements, the definitions in the Zoning Ordinance shall apply. The permitted FAR identified in the Bulk Regulations Table has been determined using a Net Site Area of 21,625.59 square feet.

The Applicant acknowledges that the project has received a bonus FAR of 2.326, pursuant to Section 17-4-1000 of the Zoning Ordinance. With this bonus FAR, the total FAR for the Planned Development is 9.236. In exchange for the bonus FAR, the Applicant is required to make a corresponding payment, pursuant to Sections 17-4-1003-B and C, prior to issuance of the first building permit for any building in the Planned Development; provided, however, if the Planned Development is constructed in phases, the bonus may be paid on a pro rata basis as the first building permit for each subsequent new building or phase of construction is issued. The bonus payment will be recalculated at the time of payment (including partial payments for phased developments) and may be adjusted based on changes in median land values in accordance with Section 17-4-1003-C.3.

The bonus payment will be split between three separate funds, as follows: 80 percent to the Neighborhoods Opportunity Fund, 10 percent to the Citywide Adopt-a-Landmark Fund and 10 percent to the Local Impact Fund, pursuant to Section 17-4-1003-D. Such funds will be utilized pursuant to Section 17-4-1004-B (Neighborhoods Opportunity), Section 17-4-1006-C (Citywide Adopt-a-Landmark) and Section 17-4-1005-C (Local Impact).

10. Upon review and determination, "Part II Review", pursuant to Section 17-13-0610 of the Zoning Ordinance, a Part II Review fee shall be assessed by the Department of Planning and Development. The fee, as determined by staff at the time, is final and binding on the Applicant and must be paid to the Department of Revenue prior to the issuance of any Part II Approval.
11. The Site and Landscape Plans shall be in substantial conformance with the Landscape Ordinance and any other corresponding regulations and guidelines. Final landscape plan review and approval will be by the Department of Planning and Development. Any interim reviews associated with site plan review or Part II Reviews, are conditional until final Part II Approval.
12. The Applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Fleet and Facility Management and Buildings, under Section 13-32-125 of the Municipal Code, or any other provision of that Code.
13. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to Section 17-13-0611-A of the Zoning Ordinance by the Zoning Administrator upon the application for such a modification by the Applicant, its successors and assigns and, if different than the Applicant, the legal titleholders and any ground lessors.
14. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility. No building permit shall be issued by the Department of Construction and Permits until the Director of MOPD has approved detailed construction drawings for the building or improvement proposed.
15. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. At the time of a hearing before the Chicago Plan Commission, all developments must be in substantial compliance with the current City of Chicago Sustainable Development Policy set forth by the Department of Planning and Development.

16. Chicago Landmark/Chicago Landmark District Pursuant to the Chicago Zoning Ordinance (Section 17-8-0911), a Planned Development (P.D.) gives priority to the preservation and adaptive reuse of Chicago landmark buildings. The P.D. includes LaSalle Street Cable Car Powerhouse, which is designated as a Chicago landmark or has been identified as contributing to the historic. Work to designated Chicago landmarks is subject to the review and approval of the Commission on Chicago Landmarks pursuant to the Chicago Landmarks Ordinance, Section 2-120-740.

Prior to submitting an application for a building permit for the project, the applicant shall submit the report of a licensed structural engineer to the Historic Preservation Division of the Department of Planning and Development for its acceptance. The report shall include recommendations for protection or stabilization measures to be taken during construction regarding the adjacent Vesemen Building, a designated Chicago landmark, at 444 North LaSalle Drive.

17. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority- and Women-owned Business Enterprises ("M/WBEs") and City residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the City in promoting and tracking such M/WBE and City resident participation, an applicant for planned development approval shall provide information at three points in the City approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of City residents in the construction work. The City encourages goals of (i) 26 percent MBE and 6 percent WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50 percent City resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the applicant's proposed outreach plan designed to inform M/WBEs and City residents of job and contracting opportunities. Second, at the time of the applicant's submission for Part II Permit Review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the applicant's preliminary outreach plan, (b) a description of the applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the applicant's outreach efforts, and (d) updates (if any) to the applicant's M/WBE and City resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the applicant must provide DPD with the actual level of M/WBE and City resident participation in the project or any phase thereof, and evidence of such participation. In addition to the foregoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and City residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and City residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

19944

- 18. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a zoning map amendment to rezone the Property to DX-7 Downtown Mixed-Use District.
