REPORTS OF COMMITTEES

14709

~~Reclassification Of Area Shown On Map No. 8-I.
(Application No. 20322)
(Common Address: 2614 -- 2616 W. 38th St.)~~

[O2020-93]

~~Be It Ordained by the City Council of the City of Chicago:~~

~~SECTION 1. Title 17 of the Municipal Code of Chicago, the Chicago Zoning Ordinance, is hereby amended by changing all of the RS3 Residential Single-Unit (Detached House) District symbols and indications as shown on Map Number 8-I in the area bounded by:~~

~~the alley next north of and parallel to West 38th Street; the alley next west of and parallel to South Rockwell Street; West 38th Street; and a line 184.7 feet west of and parallel to South Rockwell Street,~~

~~to those of an RT3.5 Residential Two-Flat, Townhouse and Multi-Unit District.~~

~~SECTION 2. This ordinance shall be in force and effect from and after its passage and due publication.~~

Reclassification Of Area Shown On Map No. 9-F.

(As Amended)

(Application No. 20116)

(Common Address: 3450 -- 3480 N. Broadway/645 -- 653 W. Cornelia Ave.)

RBPD 1469

[SO2019-5598]

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. Title 17 of the Municipal Code of Chicago, the Chicago Zoning Ordinance, is hereby amended by changing all the RM5 Residential Multi-Unit District and B3-2 Community Shopping District symbols and indications as shown on Map Number 9-F in the area bounded by:

West Cornelia Avenue; North Broadway; a line 322.08 feet along North Broadway south of and parallel to West Cornelia Avenue; a line 339.00 feet west of and North Broadway; a line 203.46 feet south of and parallel to West Cornelia Avenue; a line 377.50 feet west of North Broadway; a line 139 feet south of and parallel to West Cornelia Avenue; and a line 105.15 feet west of North Broadway,

to those of a B3-3 Community Shopping District.

SECTION 2. Title 17 of the Municipal Code of Chicago, the Chicago Zoning Ordinance, is hereby amended by changing all B3-3 Community Shopping District symbols and indications as shown on Map Number 9-F in the area bounded by:

West Cornelia Avenue; North Broadway; a line 322.08 feet along North Broadway south of and parallel to West Cornelia Avenue; a line 339.00 feet west of and North Broadway; a line 203.46 feet south of and parallel to West Cornelia Avenue; a line 377.50 feet west of North Broadway; a line 139 feet south of and parallel to West Cornelia Avenue; and a line 105.15 feet west of North Broadway,

to those of a Residential Business Planned Development.

SECTION 3. This ordinance shall be in force and effect from and after its passage and due publication.

Plan of Development Statements attached to this ordinance read as follows:

Residential-Business Planned Development No. 1469.

Planned Development Statements.

1. The area delineated herein as Residential-Business Planned Development Number 1469 ("Planned Development") consists of approximately 69,070 square feet of property which is depicted on the attached Planned Development Boundary and Property Line Map ("Property") and is owned or controlled by the Applicant, Broadway & Harbor LLC.
2. The requirements, obligations and conditions contained within this Planned Development shall be binding upon the Applicant, its successors and assigns and, if different than the Applicant, the legal titleholders and any ground lessors. All rights granted hereunder to the Applicant shall inure to the benefit of the Applicant's successors and assigns and, if different than the Applicant, the legal titleholder and any ground lessors. Furthermore, pursuant to the requirements of Section 17-8-0400 of the Chicago Zoning Ordinance, the Property, at the time of application for amendments, modifications or changes (administrative, legislative or otherwise) to this Planned Development are made, shall be under single ownership or designated control. Single designated control is defined in Section 17-8-0400 of the Zoning Ordinance.
3. All applicable official reviews, approvals or permits are required to be obtained by the Applicant or its successors, assignees or grantees. Any dedication or vacation of streets or alleys or grants of easements or any adjustment of the right-of-way shall require a separate submittal to the Department of Transportation on behalf of the Applicant or its successors, assigns or grantees.

Any requests for grants of privilege, or any items encroaching on the public way, shall be in compliance with the Planned Development.

Ingress or egress shall be pursuant to the Planned Development and may be subject to the review and approval of the Departments of Planning and Development, and Transportation. Closure of all or any public street or alley during demolition or construction shall be subject to the review and approval of the Department of Transportation.

Pursuant to a negotiated and executed Perimeter Restoration Agreement ("Agreement") by and between the Department of Transportation's Division of Infrastructure Management and the Applicant, the Applicant shall provide improvements and restoration of all public way adjacent to the property, which may include, but not be limited to, the following as shall be reviewed and determined by the Department of Transportation's Division of Infrastructure Management:

- Full width of streets
- Full width of alleys
- Curb and gutter
- Pavement markings
- Sidewalks
- ADA crosswalk ramps
- Parkway and landscaping

The Perimeter Restoration Agreement must be executed prior to any Department of Transportation and Planned Development Part II Review Permitting. The Agreement shall reflect that all work must comply with current Rules and Regulations and must be designed and constructed in accordance with the Department of Transportation's Construction Standards for Work in the Public Way and in compliance with the Municipal Code of Chicago Chapter 10-20. Design of said improvements should follow the Department of Transportation's Rules and Regulations for Construction in the Public Way as well as The Street and Site Plan Design Guidelines. Any variation in scope or design of public way improvements and restoration must be approved by the Department of Transportation.

Prior to completion of Part II Review of this Planned Development, Applicant will record a declaration ("Declaration") with the Cook County Recorder of Deeds burdening the eastern 50 feet of the southern 12 feet of the access drive to the Property as depicted in the Planned Development as follows. The Declaration will provide that prior to such time, if any, as the site at 3440 North Broadway may receive a building permit from

the City to allow an access drive off of Broadway, Applicant and the owner of 3440 North Broadway will enter into and record a reciprocal easement agreement, replacing the Declaration, to provide a shared access drive to serve both properties (i) based upon the design of the project on the Property, (ii) having a width at the east property line of 24 feet in total as measured in compliance with CDOT standards, (iii) equally burdening both properties physically and financially, and (iv) on such other terms and conditions as the parties may mutually agree. Further, the reciprocal easement agreement would provide that once the shared access drive is necessitated by development at 3440 North Broadway, Applicant would reduce the width of the access drive at the east property line of the Property to a width of not more than 12 feet, representing the Property's half of the shared access drive.

4. This plan of development consists of 17 Statements and exhibits; a Bulk Regulations Table; Existing Zoning Map; Existing Land-Use Map; Planned Development and Property Line Boundary; Transportation Overlay District Diagram; Site Context Plan; CDOT Site Plan; Landscape Plan; Level 1 Plan; Level 2 Plan; Level 3 Plan; Level 4 Plan; Level 5 Plan; Level 6 Plan; Level 7 Plan; Roof Plan; Contextual Elevation -- Broadway; Contextual Elevation -- Cornelia; Building Elevations (North, South, East and West); Building Sections; Wall Sections; and Section Details, prepared by Optima, Inc. and dated January 23, 2020, and the Affordable Housing Profile Form submitted herein (collectively, "Plans"). Full-sized copies of the Site Plan, Landscape Plan and Building Elevations are on file with the Department of Planning and Development. In any instance where a provision of this Planned Development conflicts with the Chicago Building Code, the Building Code shall control. This Planned Development conforms to the intent and purpose of the Zoning Ordinance, and all requirements thereto, and satisfies the established criteria for approval as a Planned Development. In case of a conflict between the terms of this Planned Development ordinance and the Zoning Ordinance, this Planned Development ordinance shall control.
5. The following uses are permitted efficiency and dwelling units located above the ground floor, artist live-work located above the ground floor, general retail sales, office, limited restaurant, general restaurant, outdoor patio (if located at grade level), personal service, indoor participant sports and recreation, co-located wireless communication facilities, sales and grooming, veterinary, body art services, vacation rental, shared housing unit, cultural exhibits and libraries, artists work or sales space, business equipment sales and service, business support services, communication service establishments, financial services, food and beverage retail sales, medical service, including accessory parking and related uses.
6. On-premises signs and temporary signs, such as construction and marketing signs, shall be permitted within the Planned Development, subject to the review and approval of the Department of Planning and Development. Off-premises signs are prohibited within the boundary of the Planned Development.
7. For purposes of height measurement, the definitions in the Zoning Ordinance shall apply. The height of any building shall also be subject to height limitations, if any, established by the Federal Aviation Administration.

8. The maximum permitted floor area ratio ("FAR") for the Property shall be in accordance with the attached Bulk Regulations Table. For the purposes of FAR calculations and measurements, the definitions in the Zoning Ordinance shall apply. The permitted FAR identified in the Bulk Regulations Table has been determined using a net site area of 69,070 square feet.
9. Upon review and determination, "Part II Review", pursuant to Section 17-13-0610 of the Zoning Ordinance, a Part II Review fee shall be assessed by the Department of Planning and Development. The fee, as determined by staff at the time, is final and binding on the Applicant and must be paid to the Department of Revenue prior to the issuance of any Part II Approval.
10. The site and landscape plans shall be in substantial conformance with the Landscape Ordinance and any other corresponding regulations and guidelines, including Section 17-13-0800. Final landscape plan review and approval will be by the Department of Planning and Development. Any interim reviews associated with site plan review or Part II Reviews, are conditional until final Part II Approval.
11. The Applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Fleet and Facility Management and Buildings, under Section 13-32-085 of the Municipal Code, or any other provision of that Code.
12. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to Section 17-13-0611-A of the Zoning Ordinance by the Zoning Administrator upon the application for such a modification by the Applicant, its successors and assigns and, if different than the Applicant, the legal titleholders and any ground lessors.
13. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.
14. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The Applicant shall obtain the number of points necessary to meet the requirements of the Chicago Sustainable Development Policy, in effect at the time the Part II Review Process is initiated for each improvement that is subject to the aforementioned policy and must provide documentation verifying compliance.

15. The Applicant acknowledges and agrees that the rezoning of the Property from RM5 and B3-2 to B3-3, and then to this Residential-Business Planned Development ("P.D."), triggers the requirements of Section 2-44-080 of the Municipal Code (the "Affordable Requirements Ordinance" or "ARO"). Any developer of a "residential housing project" within the meaning of the ARO must: (i) set aside 10 percent of the housing units in the residential housing project ("ARO Units") as affordable units, or with the approval of the Commissioner of the Department of Housing ("DOH") (subject to the transition provisions of Section 2-44-040(c)), in consultation with the Commissioner of the Department of Planning and Development ("DPD") as appropriate; (ii) pay a fee in lieu of the development of the ARO Units (Cash Payment); or (iii) any combination of (i) and (ii); provided, however, that residential housing projects with 20 or more units must provide at least 25 percent of the ARO Units on-site or off-site (Required Units). If the developer elects to provide ARO Units off-site, the off-site ARO Units must be located within a two-mile radius from the residential housing project and in the same or a different higher income area or downtown district. The Property is located in a higher income area within the meaning of the ARO, and the project has a total of 208 units. As a result, the Applicant's affordable housing obligation is 21 ARO Units (10 percent of 208 rounded up), 10 of which are Required Units (50 percent of 208, rounded down). The 50 percent Required Unit obligation is due to the fact that the residential housing project will have a FAR of 3.75, requiring 50 percent of ARO Units to be on-site. Applicant has agreed to satisfy its affordable housing obligation by making a cash payment to the Affordable Housing Opportunity Fund in the amount of \$132,411 per ARO Unit ("Cash Payment") for a total cash payment of \$1,324,110 for 10 ARO units, and providing 11 ARO Units in the rental building to be constructed in the Planned Development to be approved by the Department of Housing in consultation with DPD as appropriate, as set forth in the Affordable Housing Profile Form attached hereto as Exhibit A. The Applicant agrees that the ARO rental units must be affordable to households earning no more than 60 percent of the Chicago Primary Metropolitan Statistical Area Median Income (AMI), as updated annually by the City of Chicago. If the Applicant subsequently reduces (or increases) the number of ARO Units in the Planned Development, the Applicant shall update and resubmit the Affordable Housing Profile Form to the Department of Housing for review and approval, and DOH may adjust the number of required ARO Units without amending the Planned Development. Prior to the issuance of any building permits for any residential building in the Planned Development, including, without limitation, excavation or foundation permits, the Applicant must make the required Cash Payment and/or execute and record an affordable housing agreement in accordance with Section 2-44-080(L). The cash payment will be recalculated at the time of payment (including partial payments for phased developments) and may be adjusted based on changes in the consumer price index in accordance with Section 2-44-080. The terms of the affordable housing agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the affordable housing agreement will be recorded against the Planned Development, or the applicable portion thereof, and will constitute a lien against such property. The Commissioner of DOH may enforce remedies for any

breach of this Statement 16, including any breach of any affordable housing agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development.

16. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority- and Women-owned Business Enterprises ("M/WBEs") and City residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the City in promoting and tracking such M/WBE and City resident participation, an applicant for planned development approval shall provide information at three points in the City approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of City residents in the construction work. The City encourages goals of (i) 26 percent MBE and 6 percent WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50 percent City resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the applicant's proposed outreach plan designed to inform M/WBEs and City residents of job and contracting opportunities. Second, at the time of the applicant's submission for Part II Permit Review for the project or any phase thereof, the applicant must submit to DPD (a) updates (if any) to the applicant's preliminary outreach plan, (b) a description of the applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the applicant's outreach efforts, and (d) updates (if any) to the applicant's M/WBE and City resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the applicant must provide DPD with the actual level of M/WBE and City resident participation in the project or any phase thereof, and evidence of such participation. In addition to the foregoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and City residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and City residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.
17. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a zoning map amendment to rezone the Property to B3-3 (Community Shopping District).
