One-half of the review fee is due at the time of Plan Commission review, and one-half of the review fee is due at the time of permit review. The Plan Commission review fee is due at the time of filing the planned development application and is based on the total buildable floor area proposed to be developed, as identified in the Planned Development's Bulk Regulations and Data Table. If the Planned Development includes phases or subareas which are subject to future review by the Department or the Chicago Plan Commission prior to the issuance of permits for that phase or subarea, the Plan Commission review fee for such phases or subareas is due when the relevant phase or subarea submission is made, pursuant to Section 17-13-0800. If the buildable floor area square footage changes between Plan Commission review and permit review, the total review fee will be prorated, accordingly, at the time of permit review.

The Plans are hereby approved in their entirety and no further approvals shall be required under this Planned Development or the Zoning Ordinance for the improvements undertaken in accordance with the Plans, other than Part II approval (per Section 17-13-0610 of the Zoning Ordinance).

10. Except as depicted on the Plans, the Site and Landscape Plans shall be in substantial conformance with the Landscape Ordinance and any other corresponding regulations and guidelines, including Section 17-13-0800. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.
14. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources.

The Applicant shall obtain the number of points necessary to meet the requirements of the Chicago Sustainable Development Policy, in effect at the time the Part II review process is initiated for each improvement that is subject to the aforementioned policy and must provide documentation verifying compliance.

15. With the exception of the project depicted in the Plans referenced in, and attached to, this Plan of Development, for which site plan approval is hereby granted, prior to Part II approval (Section 17-13-0610 of the Chicago Zoning Ordinance), the Applicant shall submit a site plan, landscape plan and building elevations for such substantial changes for review and approval by the Department of Planning and Development (DPD). Review and approval by DPD is intended to assure that specific development components substantially conform with the Planned Development (P.D.) and to assist the City in monitoring ongoing development, Site Plan Approval Submittals (Section 17-13-0800) need only include that portion of the Property, for which approval is being sought by the Applicant.

Except with respect to the project depicted in the Plans, no Part II approval for any portion of the Property shall be granted until Site Plan approval has been granted. Following approval by DPD, the approved Site Plan Approval Submittals, supporting data and materials shall be made part of the main file and shall be deemed to be an integral part of the P.D.

After approval of the Site Plan, changes or modifications may be made pursuant to the provisions of Statement 12. In the event of any inconsistency between approved plans and the terms of the P.D., the terms of the P.D. shall govern. Any Site Plan Approval Submittals shall, at a minimum, provide the following information:

- fully-dimensioned site plan (including a footprint of the proposed improvements);
- fully-dimensioned building elevations;
- fully-dimensioned landscape plan(s); and
- statistical information applicable to the subject subarea, including floor area, the applicable floor area ratio, uses to be established, building heights and setbacks.

Site Plan Approval Submittals shall include all other information necessary to illustrate substantial conformance to the P.D.

16. Subject in all cases to the other statements, terms, regulations and provisions of this Planned Development, the Applicant shall have the right to designate subareas within the Planned Development from time to time in order to promote orderly development, to facilitate financing, acquisition, leasing or disposition of the Property or relevant portions thereof, to designate zoning control or to otherwise administer this Planned Development. The designation and re-designation of subareas shall not in and of itself require an amendment to this Planned Development and shall be approved as a minor change, pursuant to Section 17-13-0611; included in such minor change, the Applicant shall provide notice of all material terms of any such designation to DPD, including the designated are and the bulk regulations that will apply therein, for DPD's administrative purposes to facilitate Part II review for any such designated subarea. In furtherance of the foregoing, and in all cases subject to the other statements, terms, regulations

and provisions of this Planned Development, the Applicant may allocate or assign previously unused development rights under the Planned Development from other designated or to be designated subareas including, but not limited to, floor area and floor area ratio, signage, building height, and parking; provided that the overall regulations and limitations set forth in the Bulk Regulations and Data Table and the exhibits applicable to the entirety of the Planned Development shall not be exceeded or increased as a result of any such allocation(s) or assignment(s), and *(iii) all such allocation(s) or assignment(s) of development rights are subject to the terms of Section 17-13-0611.

17. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority- and Women-owned Business Enterprises ("M/WBEs") and city residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the City in promoting and tracking such M/WBE and city resident participation, an applicant for planned development approval shall provide information at three points in the City approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of city residents in the construction work. The City encourages goals of (i) 26 percent MBE and 6 percent WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50 percent city resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the Applicant's proposed outreach plan, designed to inform M/WBEs and city residents of job and contracting opportunities. Second, at the time of the applicant's submission for Part II permit review for the project or any phase thereof, applicant must submit to DPD (a) updates (if any) to the applicant's preliminary outreach plan, (b) a description of the applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the applicant's outreach efforts, and (d) updates (if any) to the applicant's M/WBE and city resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the applicant must provide DPD with the actual level of M/WBE and city resident participation in the project or any phase thereof, and evidence of such participation. In addition to the foregoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and city residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and city residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

* Editor's Note: Numbering sequence error; (i) and (ii) missing in original document.

- 18. This Planned Development shall be governed by Section 17-13-0612. Should this Planned Development ordinance lapse, the Commissioner of DPD shall initiate a zoning map amendment to rezone the Property to C2-2 Motor Vehicle-Related Commercial District.
