The Applicant shall obtain the number of points necessary to meet the requirements of the Chicago Sustainable Development Policy, in effect at the time the Part II review process is initiated for each improvement that is subject to the aforementioned policy, including window planter boxes and the irrigation system, and must provide

documentation verifying compliance. The Applicant has additionally committed to designing the building to include a photovoltaic (P.V.) system and/or solar panels, geothermal systems (subject to feasibility soil studies) and a high efficiency envelope. Any deviation from this commitment may be modified pursuant to the minor change provisions of Section 17-13-0611.

15. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority- and Women-owned Business Enterprises ("M/WBEs") and city residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the City in promoting and tracking such M/WBE and city resident participation, an applicant for planned development approval shall provide information at three points in the city approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of city residents in the construction work. The City encourages goals of (i) 26 percent MBE and 6 percent WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50 percent city resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the applicant's proposed outreach plan designed to inform M/WBEs and city residents of job and contracting opportunities. Second, at the time of the applicant's submission for Part II permit review for the project or any phase thereof, the applicant must submit to DPD: (a) updates (if any) to the applicant's preliminary outreach plan; (b) a description of the applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the applicant's outreach efforts; and (d) updates (if any) to the applicant's M/WBE and city resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the applicant must provide DPD with the actual level of M/WBE and city resident participation in the project or any phase thereof, and evidence of such participation. In addition to the foregoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and city residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and city residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.
16. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Zoning Administrator of DPD shall initiate a zoning map amendment to rezone the Property to the DX-7 Mixed-Use District.
