Re: Journal Correction for Residential-Business Planned
Development No. 622 (Park Hyatt)

On January 14, 1997 the City Council passed the Ordinance for Residential-Business Planned Development No.622 for the Park Hyatt Hotel and Condominium development. Since that time it has been brought to our attention that an error was made in the Planned Development's boundary description which results in a 92.5 square foot increase in the net site area.

We are therefore requesting your assistance in re-publishing the Planned Development reflecting the corrected site area (attached). If you have any questions regarding this matter, please do not hesitate to contact me (744-4182).

Thank you for your attention to this matter.

Re: Residential - Business Planned Development/
No. 622/Park Hyatt

Dear Mr. Acosta:

Please be advised that your request for a minor change to Residential-Business Planned Development No. 622 on behalf of Park Hyatt Water Tower Associates has been considered by the Department of Planning and Development pursuant to Section 11.11-3(c) of the Chicago Zoning Ordinance and is hereby approved.

Specifically, you requested that the maximum number of hotel rooms allowed be increased from 192 keys to 205 keys. The Department has determined that the increase in the number of keys would constitute a minor change. The thirteen additional keys would be constructed within the envelope of the approved building and would not result in any increase in Floor Area Ratio or building height.

Accordingly, pursuant to the authority granted by the Chicago Zoning Ordinance, I hereby approve the foregoing minor change, but no other changes to Residential-Business Planned Development No. 622.

Sincerely,

J.F. Boyle, Jr.
Commissioner
