2. All applicable official reviews, approvals or permits are required to be obtained by the applicant or its successors, assignees, or grantees. Any dedication or vacation of streets or alleys, or easements, or adjustments of rights-of-way, or consolidation or resubdivision of parcels, shall require a separate submittal on behalf of the applicant or its successors, assignees, or grantees and approval by the City Council.
3. The requirements, obligations and conditions contained within this Planned Development shall be binding upon the applicant, its successors and assigns and, if different than the applicant, the legal title holder and any ground lessors. 9. In addition to the maximum height of the buildings and any appurtenance thereto prescribed in this planned development, the height of any improvement shall also be subject to height limitations approved by the Federal Aviation Administration.
10. For purposes of floor area ratio ("F.A.R.") calculations, the definitions in the Chicago Zoning Ordinance shall apply.

12. The terms, conditions and exhibits of this planned development ordinance may be modified administratively by the Commissioner of the Department of Planning and Development upon the application for such a modification by the applicant and after a determination by the Commissioner that such a modification is minor, appropriate and consistent with the nature of the

improvements contemplated in this planned development and the purposes underlying the provisions hereof. Any such modification of the requirements of this statement by the Commissioner of the Department of Planning and Development shall be deemed to be a minor change in the planned development as contemplated by Section 11.11-3(c) of the Chicago Zoning Ordinance.

13. The applicant acknowledges that it is in the public interest to design, construct and maintain all buildings in a manner which promotes and maximizes the conservation of energy resources. Copies of these standards may be obtained from the Department of Planning and Development.
14. The applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables, and maximizes universal access throughout the property. Plans for all buildings and improvements on the property shall be reviewed and approved by the Mayor's Office for People with Disabilities ("M.O.P.D.") to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility. No approvals shall be granted pursuant to Section 11.11-3(b) of the Chicago Zoning Ordinance until the Director of M.O.P.D. has approved detailed construction drawings for each building or improvement.
15. Unless substantial construction has commenced within six (6) years following adoption of this planned development, and unless completion is thereafter diligently pursued, then this planned development shall expire and the zoning of the property shall automatically revert to that of the pre-existing M1-2 Restricted Manufacturing District.
